Today.....

# The future is green!

## OUR VISION

Realize a green chemistry, in which new technologies and business models are given the opportunity to achieve a new economy based on non-fossil raw materials

## OUR MISSION

Accelerating the transition towards a green “manufacturing chemistry” by strengthening the innovation and entrepreneurial climate

# GCNE's ACTION is focused on IMPACT: scaling up gamechangers, by addressing their needs

Kim Meulenbroeks – Renewi  
about New value chains

**NEW VALUE  
CHAINS**  
Cross industries

**FUNDING**  
Transition  
specific

Marissa de Boer – Susphos  
about Funding

**POLICY**  
Circularity next  
to energy

Victor Vreeken – Black Bear Carbon  
about Policy

**IMPACT**  
Climate and  
economy

**SCALING UP**  
Industrial  
relevant volumes

# NEW VALUE CHAINS: GROWTH FUND APPLICATIONS

Biobased  
Circular  
CarbonHydrates  
Products and  
applications

Circular  
plastics –  
Thermo  
chemical  
recycling

NXTGEN  
HighTech  
Electrolysis  
Plasma

Future  
Carbon NL  
CCU / CCS

# FUNDING: GREEN CHEMISTRY ACCELERATOR

- A tailor-made venture program for the GCNE community
- Designed to prepare startups for the next funding round
- To finance their pilot or demo factory in **RECYCLING - BIOBASED MATERIALS - CCU**
- 100-day program to build scalable business engines
- The 5 companies below are selected:

RELEMENT

ETB  
CATALYTIC TECHNOLOGIES

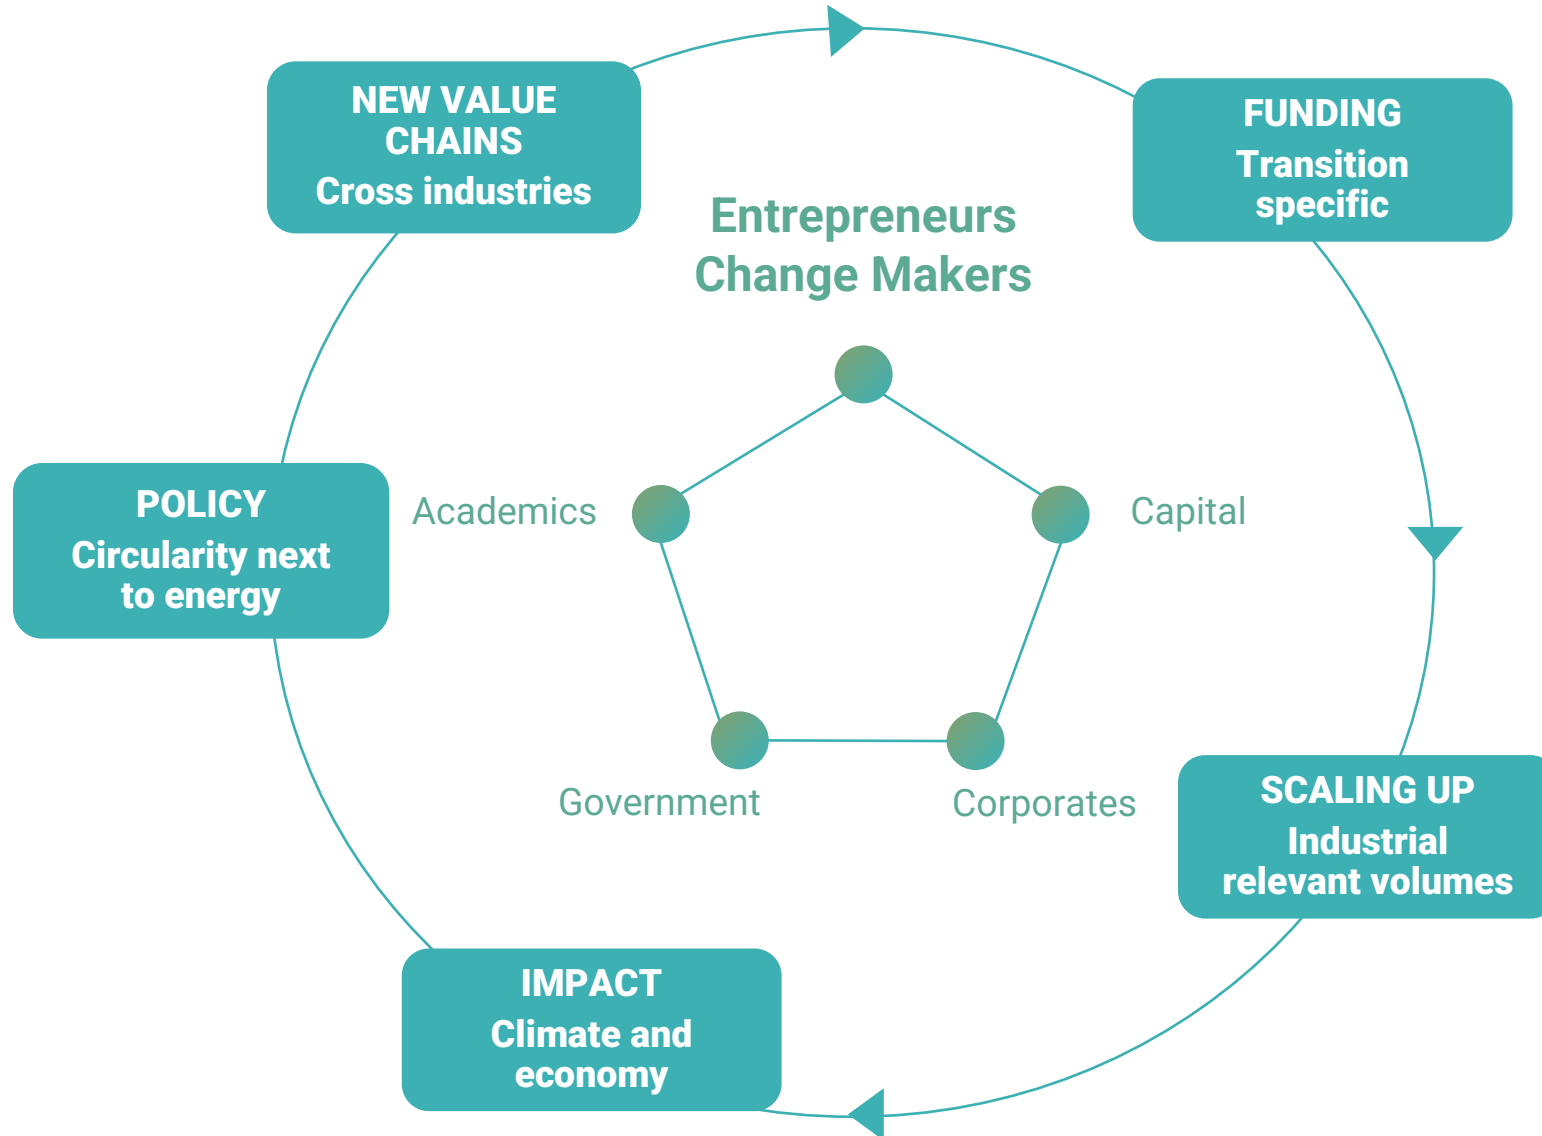

# POLICY: END-OF-WASTE

- GCNE and Cluster organizations made an inventory of the biggest policy issues
- Most pressing policy issue is **End of Waste** (EoW) status
- In collaboration with Invest-NL, we are now executing a research by Ecomatters to:
  1. Share practical insights on how to build an EoW file and get a ruling
  2. Find out how companies experience EoW
  3. To share lessons, best practices and solutions with companies AND policy makers

# Collaboration is key: we target Changemakers, we connect the pentagon

# GCNE: from regional execution... to national impact!

## Cluster organisations

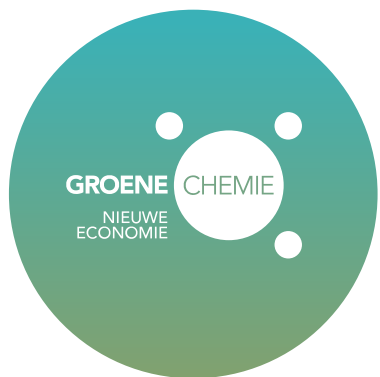

## Regionale Development organisations

## Organisations with national footprint:

Plus various knowledge institutes, e.g. Brightsite, BISCI, .....
